## Toronto's Rate in This Class is 128.3 Mills Against 28.3 in Montreal

Toronto, Aug. 17.—The surprising statement that the tax rate in Toronto is one of the highest in the country, and that it is far too high, was made before the court of revision today by the Board of Trade. The board, in comparing this statement with the figures in the annex of the 1920-21 report of the Board of Trade, found that the rate in Toronto is 128.3 mills, while the rate in Montreal is 28.3 mills. The board also found that the rate in Toronto is higher than in any other city in the country.

The board's report is based on a comparison of the rates in Toronto with the rates in Montreal, which is the only other city in the country that has a similar rate. The board found that the rate in Toronto is 128.3 mills, while the rate in Montreal is 28.3 mills. The board also found that the rate in Toronto is higher than in any other city in the country.
